

## The Classic Bike Rack

Looking for the ultimate bike storage solution? Designed to pivot up to 160 degrees and fold away for maximum storage space efficiency, our Classic Racks are the ideal bicycle rack suited to most bikes and can be mounted on virtually any strong wall. Our single Classic Rack bike racks feature a patented, easy to install design, which allows them to be virtually hung on any wall from the garage to the balcony, you'll save space with our unique and award-winning bike rack design. Aside from our Classic Rack being an incredible storage solution in your garage, home or shed, there's no heavy lifting required. Simply walk your road bike's wheel into the rack and pivot the rack against the wall to save on space – saving you from bending and lifting, time and time again. Not sure if our Classic Bike Rack is the ideal bike rack for your bike? Read below to find out how to measure your bicycle.
